EXPERIENCE

UX & Motion Designer

Beez Innovation Labs Pvt Ltd | Remote

05/2021 – present

While the central focus was on conducting research and designing user-centred digital applications from initial concept to final. A polished deliverable to the one we envisioned and promoting the same through motion videos.

UX Designer

Freelance | Remote

09/2020 – 12/2020

Administrative application, starting with the inspiration board, I picked the most relevant themes and collated them into wireframes. This sets the standards that must be followed through out the project and to improve the digital presence of the application.
